

Executive Director's Welcome Message & Press Release

Executive Director's Welcome Message

Dear Valued Clients, Families, Community Members, and Partners,

Welcome to Golden Home Care — where compassionate hearts meet professional excellence.

As the Executive Director of Golden Home Care, I am honored to lead a dedicated team of caregivers who are committed to one powerful mission: to deliver exceptional, personalized, and culturally sensitive care that allows your loved ones to thrive in the comfort and familiarity of their own homes.

Our work is more than a service — it is a promise. A promise to uphold dignity. To build trust. To be present in every step of your care journey.

At Golden Home Care, we understand the unique needs of seniors, individuals facing mental health challenges, those requiring palliative or respite care, and family caregivers seeking trusted support. We stand with you — not just as professionals, but as advocates, companions, and members of your extended family.

As we proudly serve communities across British Columbia, including potential partnerships with Fraser Health and Vancouver Coastal Health, we remain committed to delivering excellence rooted in empathy, training, and transparency.

To our employees — thank you for embodying the golden standard in home care. To our clients and families — thank you for trusting us with your care. And to our communities — we are here to walk this path with you, every step of the way.

With warmth and unwavering commitment,

Hannah Antonio
Executive Director
Golden Home Care by DuMonde

Press Release

FOR IMMEDIATE RELEASE

****Golden Home Care by DuMonde Expands Services Across British Columbia, Offering Compassionate In-Home Care with a Personalized Touch****

Vancouver, BC — Golden Home Care, a leading in-home care provider under DuMonde Services Management Inc., is proud to announce its expanded service offerings throughout British Columbia, positioning itself as a trusted care partner for seniors, families, and health authorities including Fraser Health and Vancouver Coastal Health.

With a focus on senior care, mental health support, family caregiver relief, and palliative home care, Golden Home Care is redefining what it means to age in place. Guided by Executive Director Hannah Antonio — a licensed BC caregiver with a legacy of heartfelt service — the organization brings together professionalism, cultural sensitivity, and genuine compassion.

“Our mission is simple: to deliver golden-standard care that allows individuals to remain in their homes with dignity, independence, and joy,” said Antonio. “Whether it’s three hours a week or 24/7 care, we provide peace of mind that your loved ones are in trusted, capable hands.”

Golden Home Care’s team of trained caregivers, nurses, and support staff are backed by years of experience and guided by personalized care plans tailored to each client’s physical, emotional, and cultural needs.

The organization is actively engaging in collaborations with local health authorities and inviting inquiries from private families, hospitals, and healthcare networks seeking reliable, accredited home care providers.

For more information, partnership inquiries, or to book a free care assessment, please visit www.dhomecare.ca or contact support@dhomecare.ca.
